SUMMARY

Final-year B.Tech Artificial Intelligence and Data Science student specializing in Python, Machine Learning, and Data Analytics. Leverages academic training to build predictive models and web applications for data-driven decision-making.

EDUCATION

Sudharsan Engineering College – B.Tech, Artificial Intelligence and Data Science — CGPA: 8.28 (till 6th semester)
Passed out year: 2027

Sacred Heart Girls Higher Secondary School – 12th (Higher Secondary) — Percentage: 78%

Sacred Heart Girls Higher Secondary School – 10th (Secondary) — Result: Pass

WORK EXPERIENCE

DigiDARA Technologies Pvt. Ltd. — Trichy
AI & Machine Learning Intern

- Completed hands-on training in Python, Python libraries, Artificial Intelligence, and Machine Learning concepts.
- Worked on a practical AI and Machine Learning project.

MECK TECK Research Foundation Pvt. Ltd. — Pudukkottai
Machine Learning Intern

- Gained practical knowledge in data preprocessing, data analysis, Machine Learning fundamentals, and model evaluation.

PROJECTS

Heart Disease Prediction

- Developed a supervised Machine Learning model to predict the possibility of heart disease using patient health information.
- Created a Flask-based web application to test the model.

House Price Prediction

- Developed a Machine Learning regression model to predict house prices based on property features.
- Created a web application using HTML, CSS, JavaScript, and Python Flask.

Agro-Guardian – AI-Powered Crop Intelligence & Optimization Platform

- Built as part of Team TECHFORT for the 'Nimirndhu Nil' Hackathon Ideation Camp (EDII-TN, TNYIEDP).
- Designed an AI-powered bilingual (Tamil & English) platform offering crop yield prediction, disease detection, weather intelligence, and market insights for farmers, using XGBoost, Random Forest, and EfficientNet-B4.

TECHNICAL SKILLS

- Python
- Machine Learning
- SQL (Basic)
- Data Analytics

SOFT SKILLS

- Communication
- Teamwork
- Problem Solving
- Leadership
- Time Management
- Adaptability
- Good Learner

CERTIFICATIONS

- Data Analytics Masterclass – NOVI TECH Pvt. Ltd.
- Artificial Intelligence Masterclass – NOVI TECH Pvt. Ltd.
- 'Nimirndhu Nil' Hackathon – Ideation Camp, Entrepreneurship Development and Innovation Institute, Tamil Nadu (EDII-TN)

INTERESTS

- Reading Books
- Listening to Music
- Drawing
- Creating Artworks
